9PM ROUTINE

April is Auto Crime Enforcement Month and this year the Integrated Municipal Provincial Auto Crime Team (IMPACT), the Province of BC, and ICBC are asking vehicle owners to take a proactive approach to preventing auto crime. **“Check Your Doors Before They Do”** encourages drivers to protect themselves and their vehicles from becoming victimized.

Helpful tips on preventing auto crime:

- Never leave your vehicle idling and unattended.
- Park in a locked, secure garage or well-lit, high-traffic area.
- Remove anything that a thief could target including personal items, valuables and electronics.
- Install an alarm system.
- Always lock your door.
